

ROCKETS BAND

TECHNICAL RIDER AND STAGE PLAN

First of all, thank you for your interest in booking a show for **The Rockets Band**. Below is a list of our technical requirements. It might sound a bit formal to you, this is not meant to cause any inconveniences on your behalf. We designed this rider for optimum effectiveness at the day of the show. There are a lot of moving parts to our show and this will help to keep everything smooth and trouble free. If there are any questions or if you have trouble providing any of the below mentioned items please get in touch with us before the day of the show and we will work out a solution.

TECHNICAL CONTACT

ROCKETS BAND – DAVE 267 -970- 8675 or Daveasimos@gmail.com

STAGING REQUIREMENTS

We have the ability to scale our show/production to meet most venue's . In order to put in our **FULL SHOW** we require a **MINIMUM** stage size of 24' Wide by 16' deep with at least 3 feet of clearance behind the stage.

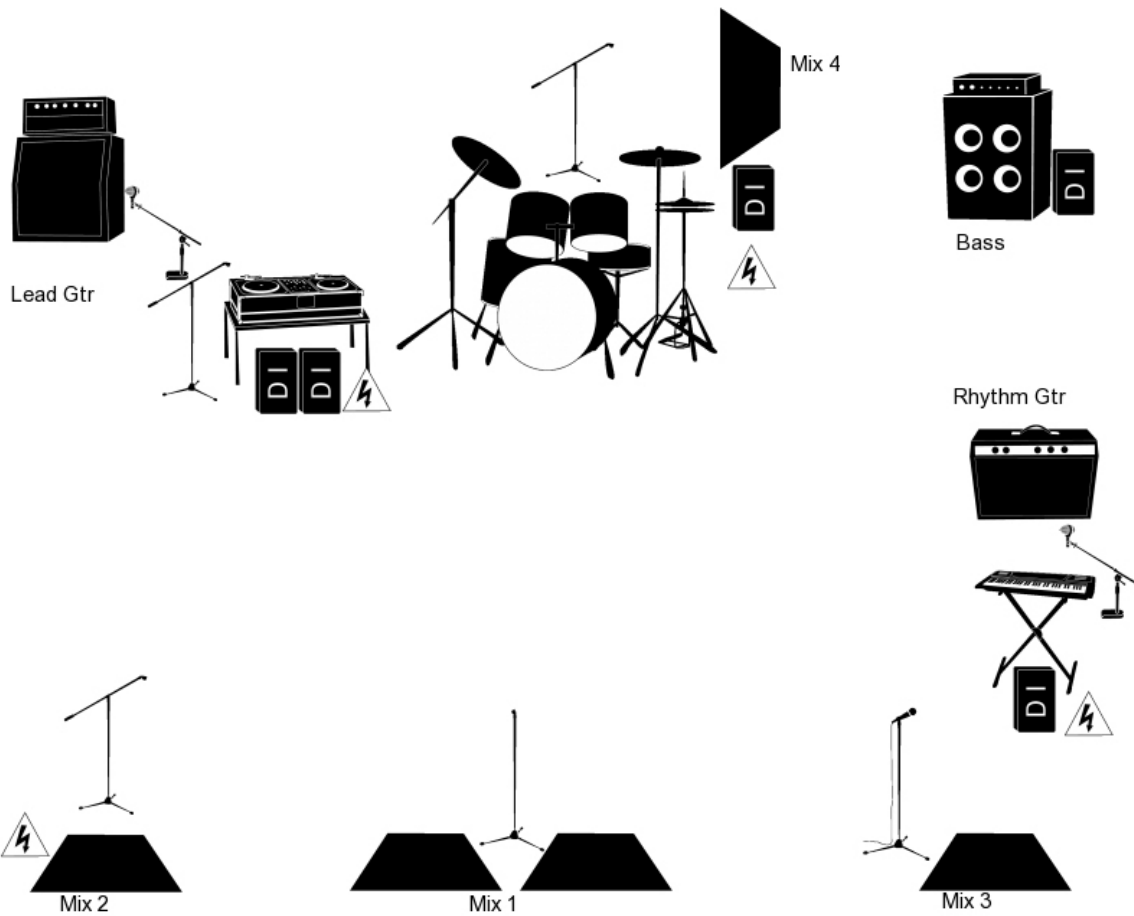

Please contact us regarding any staging changes so we can change/alter our set up

POWER REQUIREMENTS

As noted depending on the size and availability of your venue we scale our show to provide the best experience possible. Our MINIMUM POWER REQUIREMENTS are 3 SEPARATE 20 AMP CIRCUITS on SEPARATE CIRCUIT BREAKERS and for our FULL SHOW we require a MINIMUM of SIX (6) 20 AMP SEPARATED from each other or a 100 amp single phase disconnect
